

*Your gift inspired care*

Your support helped create integrated clinical programs that inspired seven new physicians to practice at HGB.

***Generosity Heals***

Changing the way people experience health care

Several of these physicians helped expand the hospital's Women's Health services at ALIVE in TRUST: a community gathering space that combines amenities like massages and cooking classes with traditional clinical services in a spa-like setting.

TRUST: Brought ALIVE by the HGB Auxiliary

ALIVE is possible because of the generous support of the Hayes Green Beach Hospital Auxiliary with funds raised from thousands of transactions from the hospital gift shop, raffles, bake sales, and other fundraisers.
