

Your gift transformed care

Your support helped basic mammography services blossom into an integrated array of breast health services.

Generosity Heals

Building deeper relationships

With a nurse navigator as your guide, we now offer a family of breast services, including the latest in breast cancer risk assessment, enhanced state-of-the-art imaging, and a comfortable, spa-like environment.

TRUST: Brought ALIVE by the HGB Auxiliary

ALIVE is possible because of the generous support of the Hayes Green Beach Hospital Auxiliary with funds raised from thousands of transactions from the hospital gift shop, raffles, bake sales, and other fundraisers.
